DEATH OF COLONEL JOHNSTON.

Colonel William Preston Johnston, president of Tulane University, of New Orleans, died here Sunday morning at 3:45 o'clock at "Col Alto," the home of his son-in-law, Hon. H. St. George Tucker. The cause of his death was consumption, from which he had suffered for many years.

Colonel Johnston came to the Virginia Hot Springs the latter part of June hoping the climate of the Virginia Mountains would be beneficial to him. Not obtaining relief there he came to Lexington nearly two weeks ago but still no improvement was noticed in his condition. He gradually grew worse until Saturday night when his friends realized that the end was near. Up to the last he had full possession of his mental faculties. He was hopeful and cheerful. At his death he was 62 years of age, was a member of the Louisiana, his daughter, Mrs. Richard Sharpe, of Wilkes-Barre, Pa., and Mrs. H. St. George Tucker, and his sons-in-law, Mr. Richard Sharpe and Hon. H. St. George Tucker. Mr. and Mrs. Sharpe arrived from the Hot Springs half an hour before his demise.

Colonel Johnston died as he had lived, a Christian man whose end was perfect peace. The funeral services took place Monday afternoon at three o'clock from the Grace Memorial church, after which at four o'clock the remains were taken on the Chesapeake and Ohio railroad to Louisville, Ky., where interment was made by the side of his former wife who was a Miss Duncan, daughter of Judge Duncan of New Orleans, and two children, a son and a daughter.

Col Johnston was a son of General Albert Sidney Johnston. His mother was a daughter of Colonel William Preston of Louisville, Ky. He graduated from Yale University and afterwards served in the Civil War as a member of the staff of President Jefferson Davis and was with him when captured by the Federal soldiers. He was subsequently professor at Washington and Lee University until 1874 and from 1875 to 1880 he was a lecturer at the University. Washington and Lee conferred the degree of Doctor of Laws on him in 1875. After leaving Washington and Lee he was for a time president of a college at Baton Rouge, La., and subsequently the president of Tulane University. While at Washington and Lee he was associated with General Robert E. Lee who was the president. Colonel Johnston was a writer of some ability, his work, the life of his father, General Albert Sidney Johnston, is a valuable contribution to the history of the Civil War. He was the author of several volumes of poems. He was a regent of the Smithsonian Institute of Washington.

EXAMINATION OF TEACHERS.

Examinations will be held at the public school building in Lexington as follows:

For white teachers—Tuesday, August 1st and Wednesday, August 2nd.

For colored teachers—Thursday, August 3rd and Friday, August 4th, at the colored school building.

Candidates for teacher's certificates should attend promptly at 9 o'clock A. M., on the first day of the examination. Those who expect to sit and the examination this year are advised to read Brannon's Revised Edition of Page's Theory and Practice of Teaching. After this year all candidates for teacher's certificates will be examined on Civil Government. Teachers will not be required to sit on this branch this year but extra credit will be given those that make as much as the required standard this year on this subject. Those holding first grade certificates that expire this year can have them renewed by entering at once upon a progressive professional course of study outlined by the State Superintendent of Schools—see June number of the Virginia School Journal.

The president of the State Female Normal School will send to me examination papers for entrance to his school, to be held at the same time as the examination for white teachers.

A Virginia Mother

says she used (1) a bottle of Mother's Friend, beginning six months before confinement. She felt perfectly well up to a few hours before the baby was born, and was in labor less than two hours. She had no morning sickness, no headache, no distressing tightness, no swollen or rising breasts. Her baby was strong and the picture of health.

Mother's Friend is the only remedy known which relieves the expectant mother. It is a liniment to be applied externally. Nothing but harm can come from taking medicine internally at such times. All internal preparations said to relieve coming mothers are not only humbugs, but positively dangerous.

Mother's Friend costs \$1 a bottle of druggists, or you can send to The Bradford Regulator Co., Atlanta, Ga.

Summer - Closing Out Sale -

I would be obliged now to have a Summer Closing Out Sale even if it was not my usual custom to do so. The stocks of merchandise thrown on the market forces the balance of us to cut prices or do nothing, and I am not one of the do-nothing kind. So I am gathering together all the Summer Goods, all the Odds and Ends, and instead of trying to get cost for them, am glad to dispose of them at a loss, particularly so when I get the cash or sell it to one of those good customers that sends me check as soon as I send in the bill.

To-day I reduce to 25c. about thirty five places of nice, all-wool Dress Goods that were worth 50c. and 75c. per yard. They are splendid goods, and if I were in some larger place, would be picked up and bought out in a day. This is the time when our friends and patrons from the country ought to come to town. I do not suppose in the history of the town for years they have had such a chance. All you want is the money and you can buy in any store in town goods lower than you can buy in New York. I am cleaning out all Colored Laces and other Strictly Summer Goods. I think I can excel any house in the Valley in cleaning up stock when I take a hand. I am told by the drummers that I clean out better than any one they visit. I have determined this time to include Shoes in the sale. I do not say certainly that I am going to quit them, but I expect to. I certainly am going to let them fly for the present. I want to use the money I invested in them in another line for which lots of money is sent away from our town.

It may be of interest to some to know that almost everything has advanced and is still advancing. This is not the result of trusts or combines, but in most things is the result of legitimate demand, showing a general and healthy improvement. The most staple things have advanced, for instance, 10-4 Sheetings are up from 3 to 5 cents per yard. I have now about 200 dozen Mason's Fruit Jars. Those who come early get them at 50c. and 60c. per dozen. Those who defer coming will pay about 80 and 75c. I also have 400 Glass Baggies at 15c. each. If for these are gone they will have to be sold at 18c.
